# Apollo Shuttle Service

By Joy Westerland

4 a.m. You've just climbed aboard a well-used, multi-passenger airport shuttle van for your 7 a.m. flight. Packed between strangers for almost two hours and several east bay stops, the driver finally begins a second round of drops as he jockeys pas-

sengers to their respective terminals. Welcome to a mega company whose main concern is with the bottom line. If you're looking for a more personalized experience the next time you travel, **Apollo Shuttle Service** is the company to call. Peter Farkash,

Wanda McKnight and Julie Hoover have been the owner/operators of Apollo Shuttle Service since 2006. Hungarian-born Peter was raised in Israel and is a former Air Marshall. He has been in the limousine and transportation business for the majority of his life and loves what he does. Wanda comes from a military family; she has been

a bus driver and has thrived in the travel and customer service industry for over twenty years. Julie is a midwestern girl with a business degree and a genuine desire to succeed by understanding customer needs and providing top-notch service. Together they have over thirty years of transportation experience. Their common goal is to provide a service that is affordable, comfortable and convenient, while utilizing SUVs and mid-size sedans that are environmentally prudent. Every day brings something new for Apollo Shuttle Service, and

whether they are taking a senior citizen to a medical appointment, making accommodations for a traveler toting a family pet, or assisting a parent traveling with children, their outstanding service has made them a local industry leader. Peter, Wanda and Julie look forward to meeting you and becoming the shuttle service you call when you have a need for personal or business transportation. *For more information or to make a reservation, they can be reached at 888-8882-7656 or [www.apolloshuttleservice.com](http://www.apolloshuttleservice.com).*
